

Austrian singer, songwriter and actress Karin Maria Bauer presents herself from another perspective in 2020: from her most personal one.

For the very first time, she shows her own music and lyrics and presents herself as a multifaceted songwriter. With KAREEN she brings a long-time dream alive: to publish her very own songs, all written by herself, from top to bottom.

Kareen makes her first statement as a versatile songwriter, brilliant singer and powerful, female artist.

She uses her velvety multifaceted voice impressively and relaxed at the same time, all over all musical styles. Her heart is wide open, emotions are strong, the stories are true and passion is deep. You can hear that from the first moment on.

For years Karin Maria Bauer has been an integral part of the Austrian music scene: appearances on major TV formats as the Eurovision Song Contest, the "Großen Chance der Chöre" and "Dancing Stars", and concerts across Europe. In addition to solo appearances in various projects, she is a sought-after ensemble member and backing singer, as well as a studio singer.
